THE City Council this morning passed resolutions determining the necessity of calling a bond election to repass the outstanding school, auditorium and waterfront bonds at a higher rate of interest, and for the funds to complete the new city hall. The election will be held July 22.

The total issue will be \$2,940,000. Of this, the sum of \$796,000 will be used for the completion of the new city hall, this being the only sum that has been added to the bonds already issued.

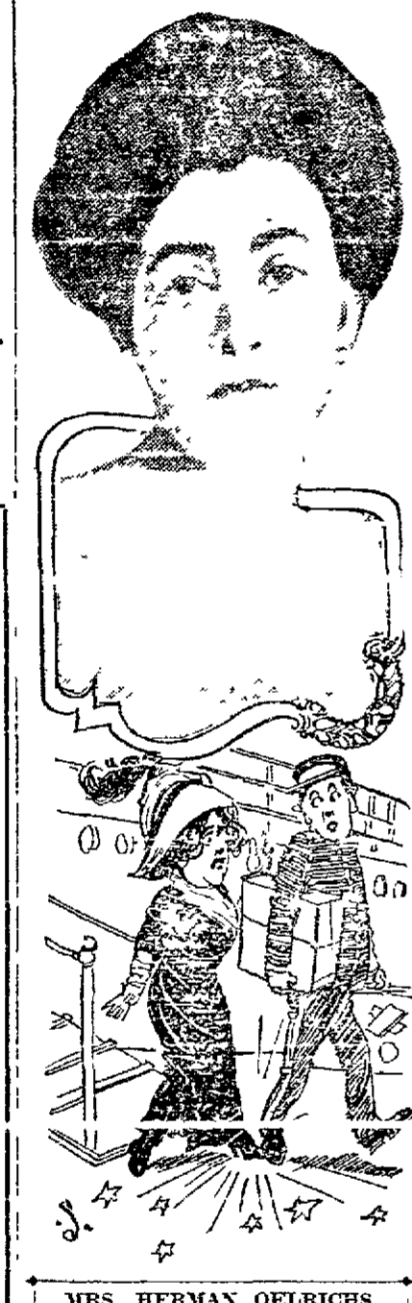

When the bonds have been authorized by the citizens, the commissioners plan to submit a \$1,000,000 bond to tide the city over the present financial difficulty, to start work on the school again. Of this sum, about \$1,000,000 will be offered in \$100 bonds to give the residents of Oakland a chance to purchase municipal bonds at a good rate of interest.

The bonds will be authorized at a rate of interest not to exceed 5 1/2 per cent according to the plans passed upon at

## FEELINGS AND TOE TRAMPLED

### Clumsy Porter May Cause Mrs. Oelrichs to Quit U. S.

NEW YORK, July 2.—Mrs. Hermann Oelrichs' threats to expatriate herself and her family from the city of New York for all time. Some fine morning a new mist will mingle with the fog of San Francisco. It will be the mist of tears, the lachrymose sorrow of weeping thousands, and as it rises upward over the city that Mrs. Oelrichs calls home, no rainbow of hope will break its light, grey gloom. The mist will indicate that Mrs. Oelrichs has carried out her threat, that rudeness has triumphed, that unfeeling ship porters and longshoremen have done their worst.

Mrs. Oelrichs was angered today by a clumsy porter on the Kronprinzessin Cecilia who trod on her dainty toe when he under took to carry her luggage for her. She has just returned from Europe. Now she says she will go back and stay there, if porters and longshoremen continue being rude.

"You will drive me out of this country some day," said Mrs. Oelrichs, stamping her foot—the same foot which held the injured toe—"with all the rudeness and impudence of these longshoremen, and ceaseless inquiries, life in America is worth nothing."

She Oelrichs did not explain just what she meant by life in America being worth nothing. Presumably, in her anger over the malicious porter, she temporarily forgot the assurance of the poet "Life is what you make it."

## TORRID SUN THINS OUT REUNION

6000 Veterans Depart and  
10,000 More May Leave  
Before Midnight

GETTYSBURG, Pa., July 2.—The tide of invasion turned back from Gettysburg today and the armies of the North and South moved away under the compelling influence of a torrid sun and the discomforts of camp life. General Hunter Liggett, U. S. A., in command of the camp, estimated that more than 6000 veterans have gone and expressed the opinion that 10,000 might depart before midnight.

Most of them have looked over the battlefield shaken hands with comrades they knew in other regiments, got another glimpse of their friends, the "boys" and "girls" for home. The regular army men were not sorry to see the thousands go for the camps were crowded beyond capacity and hundreds of old men were being quartered in tents that were made for horses, but not for sleep at purposes. Scores slept on the ground and although the cooks made strenuous efforts, the mess tables did not groan with food.

There were no other reasons for army rejecting today for all indications pointed to another unusually hot day. The sun was not over the horizon an hour until the mercury was around the 90 mark and promised to soar much higher. The veterans have stood the heat in wonderful fashion, but are tired and a protracted spell scores of real prostrations may result.

MILITARY DAY.

This was "Military Day" in the big tent with Colonel Andrew Cowan, of Louisville, presiding. Major General John R. Brooke of Pennsylvania was the northern orator of the day, and Sergeant John C. Scarborough of North Carolina, the silver-tongued defender of the South. To Barry Bailey of Washington D. C. was given the honor of reading Lincoln's Gettysburg address.

One of the undevoted events occurred last night in the Confederate camp in blue tramped up and down the streets of the Confederate part of the city of tents. They stopped before the tents, played such a fanfare as only drums and fifes can make, summoned forth the occupants and

## BUNCO GRAFT CASE IS FINALLY ARGUED

Charges Against Taylor  
and Macphree Go to  
Jury

SAN FRANCISCO, July 2.—With final arguments by Assistant District Attorney Brennan being made this afternoon, it was announced that the case of Charles Taylor and Arthur Macphree, former detective sergeants who are accused of conspiracy with Italian bunco men will go to the jury about 7 o'clock this evening.

Predictions as to the outcome of the trial are being widely made throughout the city. From the present indications it seems that a disagreement will be the outcome. The prosecution looks assuredly for a verdict against the two defendants while on the part of the defense, the case is even.

Thomas V. Edd, counsel for the defense, opened his argument with definitions tending to show the full purport of criminal conspiracy under the law. He pointed out that Taylor and Macphree had been accused of conspiracy to obstruct justice and that no such attempt on their part had been proven.

NO ACT PROVEN.

## MAID ASKS ARREST OF N.Y. EXECUTIVE

Mignon Hopkins Alleges  
Breach of Promise  
and Cohabitation

PHILADELPHIA, July 2.—Insisting that Governor William Sulzer of New York is the man named in her complaint for breach of promise, that she is not taking any action because of any political reasons and that she will press the suit, Miss Mignon Hopkins, one of three pretty sisters, today occupied the limelight here through her demand for heart-balm from the New York executive. Miss Hopkins stipulated that the case be transferred to the governor in her allegations, claims to have received endearing letters from him which she can, she says, produce and declares that after promising to make her his bride he jilted her and married a Philadelphia woman in Atlantic City, January 3, 1908. She states that the engagement was kept secret at his request, he stating that the announcement would injure his political career.

Miss Hopkins is a beautiful blonde of about 28. She is the daughter of a former Brooklyn attorney. She was Sulzer's first love. The family home this she declares was before he entered Congress. When her father died she and her two sisters came to Philadelphia and worked as shop girls. She is now employed at Wagonmaker's, Theodore Cuyler Patterson, brother of the senior director of the Pennsylvania Railroad Company, who

## BROKER AMAZES SENATORS WITH R. R. DEAL STORY

David Lamar, Wall-Street Operator,  
Testifies Before Committee That U.P.  
Railroad's Books Were Changed;  
Harriman and Financiers Profited

Witness Confesses He Impersonated Congressmen  
Over Telephone to Impress Moneyed Men in  
Interest of Attorney Edward Lauterbach Who,  
He Declared, Had Great Power at Washington

WASHINGTON, July 2.—David Lamar, Wall-street operator and one-time confidant of Russell Sage, James R. Keene and other financiers, amazed the Senate lobby committee today by smilingly and frankly testifying that it was he who impersonated Representatives Palmer and Riedan in telephone conversations with Lewis Cass Leary, Paul D. Cravath, Chairman Robert S. Lovett of the Union Pacific board, and other prominent financiers, telling them that Edward Lauterbach, a New York lawyer, could do great things for them in Washington.

Lamar also astonished the committee by making a detailed charge that in the Union Pacific railroad's books in 1901 an item covering \$82,000,000 had been forged and that as one result Kuhn, Loeb & Co. and the late E. H. Harriman had laid the foundations of a gigantic fortune.

CALLS IT BEAR CAMPAIGN.

When Lamar had finished, Paul D. Cravath of counsel for the Union Pacific put in a prepared statement to the committee alleging that Lamar's charge concerning the \$82,000,000—which amount is connected with the Union Pacific surplus—was part of a bear campaign to depress Union Pacific stock, of which the railroad's officials have had knowledge for several days.

Lamar amused, entertained and astonished the committee as testified as to his impersonation of Congressmen over the telephone. He said it was he who impersonated the financiers with the abilities of his friend, Edward Lauterbach, but he stoutly denied there was ever any mention that Lauterbach should profit by legal fees.

In 1897, Lamar said, Russell Sage authorized him to compel the Union Pacific to pay the government \$55,000,000 in bonds owing it. Lamar with Senator Foreaker came to Washington and conferred with President McKinley.

"We were charged with being a protector of conscienceless blackmailers," said Lamar, "but that had no effect on us."

WARNED KEENE.

When Sage retired from business in 1901, on Sage's recommendation Lamar became associated with James R. Keene. Lamar said he warned Keene, when the latter was buying Union Pacific stock, that the railroad would ruin him to get revenge for Lamar's previous activity. He detailed how, when Keene and his associates had \$43,000,000 Union Pacific stock, he took steps to enjoin the selling of certain stock so that E. H. Harriman would be compelled to buy. Keene's stock at a high figure. With Keene's approval he retained Lauterbach, a law firm and paid \$25,000. Lauterbach and Lamar came to Washington, paid Foreaker a fee and engaged him.

KEENE AND FRIENDS JOSE.

When the injunction was finally decided against Keene, Union Pacific stock went down and Keene and his friends lost most of their fortune.

"As a result of the panic of 1907," said Lamar, "Harriman, Kuhn, Loeb & Co., the National City Bank and Morgan & Co. became bound together as with an iron band."

"For the purpose of rendering my friend Lauterbach a service," said Lamar, "I gave him to his former friendly relation with Kuhn, Loeb & Co. Jacob Schiff and the Union Pacific officials. I had conversations over the telephone with the Union Pacific officials and others and those conversations were all in the name of other persons. But there was no suggestion of a fee to Lauterbach. He was retained at three telephone messages. Judge Lovett came here and tried to blackmail him. The Lauterbach incident, he said."

## WOULD BANISH THE SLASH MAPS OUT DRESS CRUSADE

CHIEF of Police Walter J. Petersen was today invited to apply some of his own medicine, and the shock was almost enough to silence the chief for a few hours. Recently Petersen went to Washington, D. C., where he delivered a lecture of dress reform that was printed in every city in the United States and made quite a sensation. Petersen said the same thing in Oakland several times without the Oakland women getting excited. But then Oakland is not Washington. In a letter from an Oakland matron received by the chief today his attention is called to a clipping from the Sunday TRIBUNE concerning the action of the chief of police of Louisville, Ky., signing a general order that all women seen on the streets with slit skirts showing too much lingerie or limbs should be forthwith arrested. The letter says:

"You preach a lot about women's gowns being too abbreviated at top and bottom. Here's a chance to practice what you order into effect in Oakland and have the endorsement of the women who do not approve of this sort of thing."

The chief has given proof that he has observed fashions in women's gowns with some attention. The writer of the letter says she is waiting to see whether he really means what he says in wanting to effect a reform.

THE CASE WAS DROPPED.

There is a little story going the rounds about a recent arrest for speed burning. A prominent local merchant was coming in from North Oakland and the police officers had a stop watch on him over a measured distance and calculated his speed at twenty-nine miles an hour. He was arrested. But in the distance covered a city official who is also somewhat prominent was traveling behind the merchant in his new touring car, and in that distance he passed the merchant. The police were so busy arresting the merchant that they did not catch the official.

The merchant was irate. He recognized the official and he threatened to subpoena him as a witness to testify that he was not exceeding the speed limit.

The case was dismissed and the ball returned to the merchant.

The police said: "What's the use?"

THEN HE GOT "LIT UP."

Ten gallons of old and excellent wine were stored in the basement of a house at East Fourteenth street and One Hundred and Fourth avenue. Mrs. S. Catchings, who owned the house and the wine, lives at Fontaine street and One Hundred and Seventh avenue. Occasionally when the wine in the cellar of her home was running low she obtained a gallon or so from the place in which she had stored the ten gallons.

But Mrs. Catchings will not seek wine any more in that basement. The whole ten gallons had disappeared. A vine-bibbing burglar had broken into the place and taken the wine away. Mrs. Catchings reported the theft to the police today, and added that the man had also taken the electric light fixtures, the total loot indicating that he expected to get "lit up."

## DIRECTORS WEIGH NEW ORDINANCE

Merchants' Exchange Considers Several Important Matters

The directors of the Oakland Merchants' Exchange met in regular session last night, President E. F. Muller in the chair and about twenty of the twenty-five directors being present.

The sign-painters' union committee urged the directors to take some definite action in relation to the present city ordinance requiring advertising signs of other material than sheet metal not to exceed a superficial area of twelve square feet. It was the sense of the directors that for the present the municipal authorities might as well "look the other way," meanwhile Secretary Wilber Walker was instructed to attend this morning's meeting of the city council and recommend the repeal of the provisions objected to by the sign painters, particularly the twelve-foot limit, and modification of the regulation so as to permit the erection of non-metallic signs firmly attached to solid walls or to the facades of buildings when the said signs covered an area less than one-third that of the total street frontage of the building involved, the signs in no case to exceed a surface area of two hundred square feet.

## APPROVE ORDINANCE

The Los Angeles municipal ordinance punishing fake auctions and other fraudulent advertising schemes with a fine of from \$25 to \$100 and imprisonment of not less than six months nor more than two years, approved a few days ago by the board of supervisors of San Francisco, was endorsed and its incorporation into the Oakland city ordinances recommended.

A committee from the various parlors of the order of the Native Sons of the Golden West asked the aid of the exchange in securing halls at a reasonable rental for the order's annual celebration on September 9. The committee reported that its members had endeavored much recently in obtaining suitable meeting places at other than prohibitory rentals.

Directors H. G. Williams, Theodore Gier, W. E. Gibson, A. H. Schlueter, E. F. Muller and Secretary Wilber Walker were appointed a special committee to adjust the difficulties of the Native Sons.

Director J. C. Downey, who had been absent from the meeting at which the exchange endorsed the plans of Colonel Thomas A. Rees for the reclaiming of the Greater Oakland waterfront, asked for information as to the attitude of the municipal authorities and adverse journalistic comment in relation to the project.

ACTED INDEPENDENTLY.

"The exchange acted in accord with the other commercial organizations of the city," answered Director Gibson, "and independently of the judgment of others, I believe we took the proper stand. In any case, it is rather strange that the city government should have taken definite action without inviting a conference with the industrial and commercial bodies of the city, or even giving them a chance to express an opinion."

"Anyhow," interpreted Secretary Walker, "we did what, after long deliberation and in the judgment of experienced advisers seemed to be the right thing, and if we have done anything for which we ought to be sorry, like the bad little boy, we are glad of it."

A. G. Taft and E. L. Vander Nalven, beside others present, deprecated the action of the authorities in having omitted to consult the commercial organizations before placing themselves on record as opposed to the Rees project.

After the directors' meeting the Fourth of July celebration committee was reporting that everything was in readiness for the celebration, the program arranged being more varied and elaborate than in any former year in the city's history.

## DOLLARS THAT GROW

Home building and investment companies are the safest and most profitable of all western investments.

Growth—STEADY, CONTINUOUS, PERMANENT GROWTH—is the secret of the immense profits such companies pay their shareholders.

AN INVESTMENT OF \$100 in the pioneer public company of this kind in Los Angeles, with the dividends reinvested, in fifteen years showed A PROFIT OF \$12,908.29.

\$10 A MONTH invested in the same way in the same company grew in 203 months to A FORTUNE OF \$50,936.21.

To date the United Home Builders shows a record of progress FOUR TIMES AS GREAT as the greatest companies of this kind accomplished in the same early period of their career.

Organized January 17, 1912, the United Home Builders has already completed and under construction homes to the value of \$87,853.02, of which we have sold homes to the value of \$80,853.02.

On May 1 our gross assets were \$106,857.28. On June 17 our gross assets were \$202,704.07, a growth of 89 per cent.

On May 1 our subscribed capital was \$65,048.00. On June 17 our subscribed capital was \$113,900.00, a growth of 75 per cent.

On May 1 our surplus and undivided profits were \$8,416.20. On June 17 our surplus and undivided profits were \$11,175.84, a growth of 83 per cent.

On May 1 we had 228 shareholders. On June 17 we had 440 shareholders, a growth of 93 per cent.

United Home Builders offers you A DIVIDEND PAYING AND RAPIDLY GROWING INVESTMENT.

The price of stock is \$1.20 per share. The shares will advance to \$1.25 on July 19th.

DIVIDENDS ARE PAID QUARTERLY. The dividend rate has increased to 10% PER ANNUM on par.

If you pay cash for your stock you receive quarterly dividends on the full amount. If you buy stock on the installment plan you receive dividends on the amount you have paid in at the time each dividend is declared.

The easy installment terms place the stock within the reach of all. You need pay only TEN CENTS down and FIVE CENTS per month for each share purchased.

## WOMAN'S THROAT CUT; FOUND DEAD

Victim Struggles Fiercely for Life in Chicago Street

CHICAGO, July 2.—On a blood-spattered platform in the rear of a store at 701 West Madison street the body of Mrs. F. Weston, a piano teacher about 35 years old, was found today by a teamster who, after notifying the night watchman, disappeared. The woman's jugular vein had been severed and nearby was a bloody clasp knife with a three-inch blade. She had apparently struggled desperately for her life.

Finger prints on the platform. The only other thing that the police hope may furnish a clue to the murderer is a black cloth band evidently from a man's hat and found near the body.

The police do not believe that robbery was the motive for the murder, as the assailant of the woman did not remove her gold necklace and locket, plain gold ring and gold ring set with a ruby.

Andrew Duffain, watchman in the Volunteers of America hotel, was questioned by the police. Numerous scratches on his right arm, he said, were made by a cat.

## LOCKOUT OF 20,000 MEN IS THREATENED

Building Material Interests of Chicago May Support Contractors

CHICAGO, July 2.—The building material interests threaten to lock out their 20,000 employees within ten days if before that time the building trades unions do not settle the jurisdictional strikes which resulted two weeks ago in the lockout of 20,000 men by the contractors.

Construction work on improvements valued at \$35,000,000 has been tied up for two weeks.

"Conditions in the building industry for the last several years have been unsatisfactory on account of numerous strikes against building, principally because of jurisdictional disputes between labor unions," reads the resolution adopted last week.

Disputes have caused innumerable and almost continuous strikes upon the building interests in general, thereby causing serious financial loss to builders, employers, owners and ourselves."

The resolutions then announce the decision to call a lockout if the present labor difficulties are not adjusted within ten days. A lockout by the material interests would bring the total of men affected by the labor trouble in Chicago up to 50,000.

## The Commercial Club and the Rees Plan

If THE TRIBUNE has done Joseph E. Caine, managing director of the Commercial Club, an injustice, we regret it. In the spirit of fair play we give the resolutions adopted by the Commercial Club equal prominence with the editorial criticizing him in connection with the Rees harbor plans. We have no desire to do Mr. Caine an injustice or to detract from the usefulness of the Oakland Commercial Club. Although the resolutions vindicating him are somewhat extravagant in statement and misleading in tenor, we give them herewith:

"Whereas, THE OAKLAND TRIBUNE published in its edition of July 1 a two-column editorial in which it grossly falsifies the position of Mr. Joseph E. Caine, managing director of the Oakland Commercial Club, and attacks the honor and integrity of Colonel Rees, accusing him of being the tool of real estate promoters; and

"Whereas, The statement concerning Mr. Caine is directly contrary to the facts, inasmuch as Mr. Caine has directly stated that because of his recent arrival in Oakland he is not in a position to advise as to the best plan of harbor development, and has made no statement either of approval or criticism; therefore, be it

"Resolved, By the Board of Directors of the Oakland Commercial Club that we deem the said editorial in its attack upon Mr. Caine to be an insult and an attack on the 400 members of this club who employed Mr. Caine, and that it is destructive to the work which the Oakland Commercial Club is doing for the upbuilding of our city, section and state; and be it further

"Resolved, That the Board of Directors of the Oakland Commercial Club condemn the editorial in its attack upon the honor and integrity of Colonel Rees, whose eminence in his profession and whose honorable career are direct contradictions of the implication to be drawn from THE TRIBUNE editorial; and be it further

"Resolved, That the Board of Directors of the Oakland Commercial Club believes the said editorial to be prejudicial to the welfare of the city and tending to alienate the support and interest of the federal government in the development of the water front of Oakland and adjacent communities."

Nevertheless, THE TRIBUNE is convinced that the club made a mistake in giving even a qualified endorsement to the Rees plan. The feature of that plan which affects and interests Oakland is precisely the feature most objectionable. Hence even a conditional endorsement of the plan boosts the scheme in its entirety. A qualified endorsement by the commercial organizations of this city is calculated to completely disarrange and muddle the harbor development plans of Oakland and Berkeley and postpone the development of the western waterfront for years to come. Unless radically altered, the Rees plan would utterly destroy the Key Route basin as a docking basin for ocean-going ships of the larger class. To make our meaning clear we quote the resolutions passed by the Commercial Club giving a quasi endorsement of the Rees plan:

"Whereas, it has been proposed by Colonel Rees, representing the federal government, to dredge from the Southern Pacific pier to Point Richmond on the east shore of San Francisco bay an inner channel 1200 to 2000 feet in width, and to have a fill some 400 to 600 feet in width on the west side of said channel, thereby creating docking facilities 30 miles in length; therefore, be it

"Resolved, That the Oakland Commercial Club heartily endorses the general plan proposed by Colonel Rees, with such changes in said plan as may be necessary to utilize most advantageously the work already done by the city of Oakland, and to make the development proposed by the government and planned by the city so conform as to be of the greatest advantage in creating the most efficient harbor that it is possible to develop; and be it further

"Resolved, That the Oakland Commercial Club urges the federal authorities to hasten the perfection of such plans and to proceed with the development of the same as rapidly as possible."

Oakland should have nothing to do with the Rees plan. It cannot be combined with the plans the engineers for the city have drawn for the improvement of the Key Route basin.

The Rees plan destroys the city's plan and with it all the work the city has done in improving the basin.

What the Commercial Club should do in the premises is adopt resolutions setting forth the injury the Rees plan will inflict on the commercial interests of Oakland, and protesting against the adoption by the national government of any plan of harbor improvement on the eastern shore of the bay that will interfere with the Key Route basin on the plan devised by the city for its improvement. With the best of motives, doubtless, the club has given its endorsement in general terms of the scheme without pointing out the injury it proposes to inflict on the city.

The personal character and engineering skill of Colonel Rees are not in issue. It is quite beside the point to laud him in considering how his plan will affect the commercial future of Oakland and Berkeley. His being a good man does not make his plan good for this city. Individuals count for little in measuring the wisdom and expediency of a scheme which closely touches the interests of hundreds of thousands of people.

The whole trouble is due to mistakes made by the commercial bodies in dealing with this matter. They have committed themselves to the Rees plan, with such mild and indefinitely suggested modifications, that they are now busy explaining that they did not endorse this or that feature of the proposition. Resolutions urging Congressional action should clearly state what it is proposed to do. We have endeavored to set the Commercial Club and Mr. Caine right. Now let the Commercial Club set itself right. Let it inform Senator Perkins and Congressman Knowland that this city does not want the plan for improving the Key Route basin, which has been approved by Colonel Heuer, Colonel Rees' predecessor, interfered with in the slightest degree. The Key Route basin must not be intersected with a dike.

The Commercial Club should stand guard over the city's interest, and hence should clearly state its position with reference to the Key Route basin.

It is stated that the Solano Irrigated Farms Company will not sell more than twenty acres to one buyer. It is proposed to divide over 100,000 acres into ten and twenty-acre tracts, and make each tract the home site for a family. A little figuring will show what this means. Divided into twenty-acre tracts, 100,000 acres will give irrigated farms to 5000 families in a territory now occupied by perhaps three or four hundred families. Intensive farming, close cultivation and irrigation will convert the whole region into gardens and orchards. As perpetual water rights are sold with the land, the conditions seem ideal for a community of small farmers convenient to market and fortified against the mutations of drought. Irrigation not only insures

## Free Trade in Meat.

American cattle breeders have little to fear from abolishing the duties on meat and meat stock. Notwithstanding the tariff and the high prices of butcher stock, the United States exports vast quantities of meat and meat products which are sold in Europe in direct competition with the products of Argentina, Australia and Canada. Last year the meat and meat products exported from the United States exceeded in value the combined exports of a similar character of Argentina, Australia, Canada and Uruguay. If American meats can be shipped abroad and sold in open competition with the meats of other countries, surely they can successfully compete with foreign products at home. Besides, no great harm would be done if the price of meat were lowered somewhat. The problem is not to get cheaper meat but to prevent the price of meat from going higher. It is absurd for the greatest meat exporting nation in the world to say it cannot compete at home with foreign producers without the aid of tariff protection. The producer that produces a surplus which he sells at a profit in a free trade market need not fear open competition on his own ground. Furthermore, a tariff to make the price of meat higher is not desired by the great mass of the American people.

It is a poor excuse for the Legislature to point out that the Governor killed several hundred of the most foolish and vicious bills passed. The defense is rather an encomium on the Governor—it certainly does not make the case any better for the Legislature. If the Legislature passed only good bills, how came the Governor to put some three hundred in his pocket and let them smother to death in that receptacle? We have heard no sound of mourning over the bills he killed. Instead there is rejoicing that he put his foot on so many bills passed by the Legislature. If this be to the credit of the Legislature, it is to say that disapproval means approval.

Shortly before he departed from the United States, Jack Johnson had his bail reduced from \$30,000 to \$15,000. It is now stated that his bond is so defective that it can never be collected in case he does not see fit to return and appear for trial. The Federal Judge who reduced the bail granted Johnson a new trial. He would be recalled if he sat on the bench in California.

## AMERICA'S GREATEST SIX

The building of this nation has been a long, a solemn and a sacred task. It is the work of four generations of men who have conceived lofty ideals, and who, without regard to party, religious faith or section, whether up in the pine forests of Maine or over across the continent in the orange fields of California, or down on the plantations of the sunny South have worked for freedom, for liberty, for stability, for justice.

The American people have, in a singular sense, regarded themselves as the instruments of providence in the working out of a great government and a mighty civilization. Almost alone among the governments of the world, they have been in the habit from the beginning, of looking upon their legislative bodies, and they have seen to it that religion has been represented on every great occasion of national festivity or rejoicing. They have felt that here in this western world, with an endowment by nature, the like of which history has never recorded, the opportunity has been given

to try on a huge scale, opening their arms to all who would come, the fateful experiment of self-government. Many men of all types and kinds, soldiers and sailors, jurists and teachers, legislators and executives, philosophers and popular leaders, have contributed to that great end. But out of them all I name six men who stand forever in the American Pantheon as supremely important among all those who have built the nation's government. I do not speak now of those who have made other and important contributions; I have not in mind those who have led great parties, who have accomplished important acts or have set in motion great and fine and lasting currents of thought, or a speak of six men who, one after another, have struck the blows that were necessary to the construction of our great American ship of state—the nation's builders.

George Washington, Alexander Hamilton, John Marshall, John C. Calhoun, Daniel Webster and Abraham Lincoln.

That is a curious story, told in the Spectator, of the ghosts of violets seen and smelt in the Protestant Cemetery in Rome. A scent ghost was recently referred to in connection with the millitants, a strange association! They died, in a certain Welsh town, a remembrance of the opportunity has been given

## CHINA'S GOLDEN NORTHWEST

China, like the United States, has a "golden northwest," in which wheat is the principal crop. The provinces of Honan, Shensi, and Shensi, with some 50,000,000 of inhabitants, lie almost entirely within the wonderful "Loess belt," which is covered with a brownish yellow loam, coating the mountains, hills, valleys, and plains, to a depth varying from a few yards to hundreds of feet. It seems to be a very fine sand, full of organic remains, and especially with numerous thin tubes of carbonate of lime, which makes the undisturbed loess extremely solid.

Too porous for the cultivation of rice, it becomes with plenty of rain or irrigation one of the most productive soils in the world. No fertilizers are needed, and when the wheat crop is cut the farmer spreads a little fresh loess over the stubble, plows it in, and plants his fall crop thus securing throughout the belt two crops every year.

In Honan the chief winter crops are

wheat, barley, peas, beans, sweet potatoes, and rapeseed for oil. There follow cotton, millet, maize, beans, and hemp; while many fruits, berries, nuts, etc., are raised for home use. The immense fields of the opium bearing poppy, once raised in these provinces, have been almost stamped out by recent laws, and cotton and wheat have increased accordingly.

The difference between a probe and a quizz is just this: When they probe a banker it is a quizz, and when they quizz a mine owner it is a probe.

## MAKE TRIP OVER OAKLAND-ANTIOCH

Directors of Road Leave Sacramento for Oakland on Through Run

SACRAMENTO, July 2.—The first through train on the Oakland, Antioch & Eastern railroad left here this morning for Oakland with the directors of the road on board as passengers. The trip will be one of inspection, and the progress being made will be investigated by the officers of the railroad, who expect to have the road open for general travel by August 15.

The two terminals of the line were recently connected, and the ballasting of the roadbed, the construction of the block signal system and the finishing touches to the rolling stock are now occupying the attention of the engineers.

The gasoline ferry steamer Bridget made its first trip today, when it transported the directors' train across Suisun bay, a distance of 2,000 feet. The steamer is modern in every respect, being 100 feet long and 15 feet wide. It makes the trip in 15 minutes, carrying a load of eight standard cars. It will go into general service on the opening of the road.

The directors making the trip today are: W. Arnstein, Henry T. Scott, A. W. Maltby, John J. Walter, H. A. Maltby and Sam L. Naphaly.

### JURY FINDS RAILROAD DIRECTORS ARE GUILTY

CHICAGO, July 2.—A coroner's jury investigating the grade crossing accident causing the death of George M. Scott and his niece, Mrs. Harriet W. Smith a week ago, yesterday recommended that the presidents, general managers and boards of directors of the Metropolitan West Side Elevated road and the Aurora, Elgin & Chicago railways be held for manslaughter. It also recommended the release of Martin F. Barry, motorman of the electric train which struck the automobile in which Scott and Mrs. Smith were riding.

### MAYOR NEAR DEATH

NAPA, July 2.—Word was received last night from Auburn that the life of Mayor Daniel S. Kiser of Napa is despaired of. Mr. Kiser was seriously injured last week when an automobile in which he was riding was struck by a train. His companion was killed.

## WILL BECOME BRIDE CEREMONY IN HOME

MISS RUBY C. GOULD

Miss Ruby C. Gould will become the bride of Robert Edward Moss at a quiet home ceremony this evening at the new home which has been prepared for the young couple at 1000 First street.

Miss Gould is a former Oakland girl, who has spent the last few years in Los Angeles. She is the niece of Mr. and Mrs. G. W. Burr of Edwards street.

Moss is also a resident of Los Angeles at the present time but the couple will make their home in Oakland after the wedding tomorrow, and the honeymoon trip to follow. Instead of a marriage ceremony at the home of her uncle and aunt the attractive bride-elect, who is prominent socially in the southern city, has chosen to be married in her own new home. A few relatives and close friends will be present.

### SAN QUENTIN CONVICTS WILL APPEAR IN SHOW

SAN QUENTIN, July 2.—The annual Independence day vaudeville show will be given by the convicts at San Quentin on Friday in the new dining hall of the institution, which will be dedicated that day. Seats have been placed in the hall for 200 persons.

There will be two shows—one in the morning, beginning at 9 o'clock, for the convicts; the other, beginning at 7 o'clock in the evening, for visitors. Admission to the show will be by invitation only.

One hundred convicts will take part in the show. All the scenery and properties were made at the penitentiary. One former grand opera singer will appear and there will be a number of other shows. This year's performance will be the first in which women appear.

### RETIRED CONSUL DRAWS "NINE SPOT"

SAN FRANCISCO, July 2.—With an armful of loving cups and a pocket full of easy money, Li Yung Yow, the retiring Chinese consul general at this port, sailed for Hongkong yesterday on the liner Yung Mars. The loving cups were gifts from his countrymen in San Francisco; the easy money was a donation from the goddess of chance who permitted Li Yung Yow to draw a nine spot on the last Chinese lottery ticket he marked. That nine spot netted him \$500.

### SIGNS LAND GRANT FORFEITURE DECREE

PORTLAND, Ore., July 2.—Federal Judge Charles S. Wolverson yesterday afternoon signed the decrees in the Oregon and California land grant cases that forfeit to the government 2,075,616 acres of land in the Willamette Valley held by the Southern Pacific company. The decree was presented by D. B. Townsend, special assistant to the attorney general who has been prosecuting the case since it started four years ago.

## DENTIST MISSING; AFFAIR PUZZLE

Rumors of Elopement Follow Disappearance of Man and Nurse

SAN JOSE, July 2.—Was the "Mr. P. C. Harmon" who sailed yesterday on the steamer Ventura from San Francisco for the South Seas Dr. P. C. Hartman, a local dentist or was he not? Then again if the Mr. Harmon who sailed on the Ventura is the local dentist, is he or is he not eloping with Miss Sophia Maderm, a nurse employed in the office of Dr. Nelson C. Bissell of this place, whom "Mr. Harmon" is supposed to have met on the Ventura under the name of Mrs. Harmon. Mrs. P. C. Hartman, legal wife of the missing dentist, who is a molar, thinks her husband has taken the elopement course, and as a natural result is in the throes of deep mental distraction.

The rumor of the elopement of the local couple originated last night when both

ing with the expressed intention of going to Canada on a long vacation. Mrs. Hartman says she has never heard of Miss Maderm. She also does not believe that it was her husband who is on board the Ventura traveling with a second wife. A great part of San Jose is of the belief that it is Hartman and Miss Maderm, Mrs. Hartman's father, who interviewed, said: "If he has only gone on a vacation any breath of scandal would prevent his return. If he has gone with this nurse, what I say is—fugate him."

Dr. and Mrs. Hartman have been married for twelve years. He is 35 years old, tall and has wavy brown hair. His family relations were considered extremely happy.

Little is known of the nurse. She has been employed in Dr. Bissell's office for several months. She is about 32 years old and very slender. She is not beautiful, according to accepted standards, but this matter of attraction is something for our friendly philosopher of life to speculate upon.

### HEMET INCIDENT IS CLOSED, SAYS BRYAN

WASHINGTON, July 2.—Investigation by agents of the state department of the recent expulsion of a number of Korean fruit pickers from Hemet, Cal., was ordered discontinued yesterday and the incident is considered closed.

LOS ANGELES, July 2.—The United States government will be asked to indemnify for all financial loss the 11 Korean fruit pickers who were expelled from Hemet by residents of that town last week.

That announcement was made here late yesterday by Y. Wakabayashi, secretary of the Japanese Association of southern California. Mr. Wakabayashi said a claim for \$10, which included their railroad fare, would be filed by him with Y. Numano, acting Japanese consul general in San Francisco, who would present it to the Washington government.

Mr. Wakabayashi said the men affected had purposely refrained from asking for any damages for personal indignities.

### PHELAN TO BE ENVOY; WILL BOOST FOR FAIR

WASHINGTON, July 2.—Former Mayor James D. Phelan of San Francisco was yesterday appointed by the president to be special commissioner of the Panama-Pacific International exposition during his European trip. Phelan will first visit Spain, and after conferring with Dr. Frederick Schiff, will visit a number of European capitals in the interest of the exposition. He will sail from New York next Saturday. Dr. Schiff will sail for Europe today.

### DIRECTOR SKIFF GIVEN CREDENTIALS BY BRYAN

WASHINGTON, July 2.—Secretary of State Bryan yesterday issued credentials to the director general of the Panama-Pacific International Exposition Frederick Schiff as commissioner general of the state department to Europe for the exposition. Schiff will sail from New York for Europe and will spend some time abroad conferring with foreign governments concerning their exhibits at the exposition.

### CHILDREN ARE SEEN CLEVER DANCERS

CAROL GREENE Bushnell Photo.

In the semi-annual vaudeville entertainment given last evening in Elbel Hall on Eighth street by the juveniles of the McDonald Avenue classes, Carol Greene, a seven-year-old daughter of Dr. and Mrs. Maurice Greene of this city was among the most graceful dancers. There were seventy-five boys and girls in the company, who appeared in costume. The representations were given as follows: Pinafore Spanish dancers with their lasses; 20 girls in costumes in a lullaby; buck and wing dancers; 10 girls in butterfly; 8 classic maidens; 2 Soubrette; 8 boys in character group and 2 jokers. The amateurs were trained by the school.

The youthful artists gave a very successful performance, which was enjoyed by their parents and friends.

### CLASS PRESENTS BIG FUND TO SCHOOL

Following the custom established many years ago, the members of the graduating class of June, 1912, of the Grant School, presenting their alma mater with the sum of \$25, which represented the proceeds derived from the class performance given on the eve of their graduation. Therefore large bronze pictures of famous scenes have been the class tokens.

The production, "Jones versus Jinks," proved an artistic as well as a financial success. It was coached by Miss Emma Danielwitz and Miss Perry, teachers of the graduating class. The student actors changed their lines in a better perfect fashion and did splendid work in the humorous mock trial, which caused much laughter. Many of the youngsters displayed a wealth of ability in the various characters.

### SIXTEEN MEN CLAIM TROPHY OF HUNT

SAN FRANCISCO, July 2.—One four-pointed buck shot in the hills back of Spring Valley lake yesterday nearly caused sixteen hunters to have given the magnificent animal the coup de grace, and there was a heated dispute of several hours' duration before Paul brothers of Halfmoon Bay took away the carcass. There was a dispute as to who had shot the animal, and the regular season opening July 15 for a period of a month and a half.

## 'SPEED PATROL' TO GUARD ROADS ON FOURTH

Men on Motorcycles Will Arrest Speeders on County Highways

Telephone System Planned to Facilitate Work of Officers

The Alameda county speed patrol, which will be in operation this afternoon, July 4, by the direction of District Attorney W. H. L. Hynes, and operated under the direction of Sheriff Barnett, for the purpose of preventing deaths and accidents due to the speed mania of auto-

mobiles in the district attorney's office directs the sub-division of the entire county into patrol districts, with two men equipped with motorcycles stationed in each district as patrols. All offenders will be caught, if possible, and fined if convicted, and to make their capture and their conviction almost a certainty is the aim of the speed patrol plan.

In a district will arrest the speeder. If he gets away, however, because his machine can outrun those of the patrols, then the number of his machine will be taken down, and by a system of telephones, also prearranged, his number and description will be telephoned to all other patrols, and his arrest will be made by the first patrolman that recognizes him as an offender, even though he may be passing through subsequent sections at a lower rate of speed. In this way it is believed that few, if any, of the speed offenders will escape. The day promises to be filled with thrilling captures, and possibly some genuine races between the speeders and the speeder patrol. Machines capable of doing 75 miles an hour have been secured for Sheriff Barnett's deputies on the speed squad.

District Attorney Hynes says that this patrol will not only be used on July 4, but if as successful as they believe it will be, on other holidays and on Sundays. He is determined to stop maiming and killing on the roads and boulevards of the county. On a second offense a speeder will be given a jail sentence if possible. The Fourth street patrol will receive special attention.

## BIDS AUTHORIZED FOR RESERVOIR

Royal Act Allows Minister of Fomento to Plan Big Work.

(By CONSUL-GENERAL HENRY M. MORGAN, Barcelona.)

The minister of Fomento has been authorized by a recent royal decree to invite bids for constructing an irrigation reservoir in the Province of Castellon. The budget of the work is \$35,000, on which amount the government will allow a subvention not exceeding 30 per cent thereof. In addition a premium will be allowed by the government not to exceed \$45 per acre (1056 square) of water furnished per second for the purpose of irrigation. In no case will the amount of the subvention and the premium combined exceed 40 per cent of the total cost of the work.

The minister of Fomento invites plans for constructing a 62-mile railway from Valencia, del Camp, to the Province of Valencia, to Benicarlo, Province of Zamora. Plans must be received within four months.

The minister of Fomento also invites plans to be received within six months for constructing a 99-mile railroad from Segovia (Province of Segovia) to Burgos (Province of Burgos) by way of Aranda de Duero.

## Health Board Will Control Ice Output

CINCINNATI, July 2.—The board of health ordered the health officers of Cincinnati today to seize and operate all ice plants in the city and to use every available means of distributing ice to the general public. Mayor Hunt sent a communication to the board declaring that a public emergency existed.

## SUIT FILING GROWS OUT OF RAILROAD SMASH-UP

VALEJO, July 2.—Two suits against the San Francisco, Napa and Calistoga Railroad Company have been filed in the Solano county courts by Morris Fitzmaurice of San Francisco, as the result of the tragic wreck of two trains on the railroad, June 19, near here.

One suit, for \$30,000, is on behalf of Mrs. Caroline Bandy whose 13-year-old daughter Helen was killed in the collision. The other suit is for \$10,000 on behalf of Fitzmaurice himself.

Fitzmaurice received a scalp wound and a fracture of the right arm. After devoting his efforts to the rescue of other victims, he went to San Francisco, where he was treated for his injuries. He alleges that the fractured rib punctured his lung, causing pleurisy.

## CONSIDER OAKLAND TERMINAL FACILITIES

Immense prospects for rain. Showery conditions of the atmosphere have entirely passed away and it is believed that the bay cities can look forward to warm weather.

## DIES OF HEAT

NEW YORK, July 2.—Two deaths and more than 100 prostrations from heat occurred here today. Most of them were taken to hospitals. The highest temperature recorded by the local weather bureau was 90 at 4 o'clock. This is exceeded only by the 91 mark of June 16 of this year. The present heat wave is forecasted to abate slightly tomorrow.

Up-to-date observations of high temperatures today, official thermometer showing Albany 84, the hottest day of the year and Elmira, 98, the highest for two years, while other points experienced excessive heat with occasional prostrations.

## DEATH IN BOSTON

BOSTON, July 2.—One man died and more than a hundred persons collapsed in Greater Boston yesterday and last night, victims of extreme heat. It was the hottest day in a year. Officially the maximum temperature was 95, but thermometers in many places indicated over 100 degrees. The humidity was above normal.

## THREE DEATHS

PHILADELPHIA, July 2.—Three deaths and numerous prostrations were caused by the excessive heat today. The highest temperature was 91 at 3.45 this afternoon. The humidity ranged from 64 per cent at 8 a. m. to 77 at 5 p. m.

## HEAT IN OHIO

COLUMBUS, O., July 2.—Two deaths and four prostrations, due to the intense heat, were recorded here yesterday. The government thermometer registered 97 degrees while street thermometers registered 102 degrees. Thunder showers brought but slight relief tonight.

## DEATH LIST SIX

PITTSBURGH, July 2.—Six dead from heat, three drowned while seeking relief in the rivers, and over a score of prostrations marked the heat wave here yesterday. Late in the afternoon a terrific electrical storm occurred. At least four persons were killed by lightning and a number stunned.

## TOLL IN LOUISVILLE

LOUISVILLE, Ky., July 2.—Four deaths resulted from the heat here yesterday, although a drop in temperature and a breeze modified suffering.

## LIST STILL GROWS

CINCINNATI, O., July 2.—Three deaths and 20 prostrations from the heat were reported yesterday. The number of prostrations, six of which are serious, broke the record for the heated term.

The high temperature for the day was 95 at the government bureau and 103 at the street level. Relief came at 4 o'clock when a northeast wind brought thunder showers and the mercury rapidly receded. The showers continued throughout the night attendant lightning causing slight damage.

## FOUR MORE DIE

SOUTH BEND, Ind., July 2.—Four persons died from the effects of the heat and another was overcome here yesterday. Five died yesterday, the result of prostrations. A thunder storm late in the afternoon caused a drop in temperature from 100 to 88 degrees.

## FLOODS IN NORTH

BAKER, Ore., July 2.—A cloudburst did great damage to ranch property, highways and crops in Eastern Oregon late today. The downfall of water caused a sudden rise of Darbank Creek, east of here. Cattle and horses were drowned and small buildings were swept away. No loss of life was reported. Reports of damage by the heavy rain and sudden rising of streams have been received from all the surrounding districts.

## CHILD PLAYS DRAW WITH CHESS CHAMPION

SAN FRANCISCO, July 2.—Marie Sirovius, 9 years old, has the honor today of playing a draw game of chess with Frank J. Marshall, champion of America. Marshall was playing 31 boards simultaneously, won 25, drew five and lost one. Experts gave the child credit for an excellent game.

## ATTEMPTS SUICIDE

NEW YORK, July 2.—Equipped to spend three years in the Arctic in inspection of Crockerland, the supposed continent which Rear Admiral Peary believes he discovered, the whaler Diana was made ready to start north either this afternoon or early tomorrow. The Diana carries a high power wireless outfit which will be set up in the camp at Flagler Sound in Ellsmore Land at the top of a thousand-foot cliff. The expedition hopes to be able to communicate with the Hudson bay stations and by consent of the Canadian authorities, news of the exploration will be relayed to New York. Donald E. McMillan, a graduate of Bowdoin College, is in charge of the expedition.

## SAFECRACKERS WRECK INTERIOR OF SALOON

SAN FRANCISCO, July 2.—Safecrackers completely wrecked the interior of the North Star saloon, 561 Clay street at an early hour this morning, but obtained small returns for their pains, owing to the fact that a similar robbery a short time ago caused the proprietors of the place to leave nothing in the safe, fearing such a raid. The yeggmen obtained \$6 from the cash register, however. The merchandise in the place was badly damaged, liquor was strewn about and the walls were wrecked. The police obtained slight clues, and it is believed that the gang is the same that has been operating in other places about the city in the same method for some time.

## BATHING SUITS WERE 'TOO BRIEF'

Seattle Official Compels Fair Bathers to Don Bathing Skirt

SEATTLE, July 2.—Two young and comely women appeared in the surf at Alki point in one-piece suits of much brevity. Superintendent McAlreath of the municipal bathing pavilion rushed into the water and shouted "Ladies! ladies! this will never do."

He escorted them back to the pavilion, where he gave them skirts with which to drape themselves. They were then allowed to return to the water.

"Yes," said J. M. Frink, president of the park board, "the matter has been brought to our attention and we uphold the superintendent in the action he has taken. The suits in question, worn by the young ladies, were, I am informed, quite an—brief. We do not wish to be puritanical in this matter. We have no objection to women at the point wearing one-piece suits which reach nearly to the knees, which the suits in question did not. But they should be worn with stockings. We do not absolutely insist on skirts, though the municipal suits have them."

## AVIARIST ENGAGED TO CATCH CHURCH BEES

THE BEES OF NEW YORK CITY are engaged to be married. The First Congregational Church of this town a colony comprising thousands of Italian honey bees. It is believed that there is at least a ton of honey packed away in the walls of the south end of the church.

The bees were first noticed about the church several years ago. They gradually increased in numbers until their presence became annoying, and it is on record that more than one somnolent attendant at the services in the church, which shelters one of the wealthiest congregations in New Jersey, has been roused to a proper state of attention, if not of reverence, by the stinging of an insect that had detached itself from the ever-growing colony.

It is planned to use a chemical compound to exterminate the bees.

## New HUDSON Announcement

### A 54-Horse-Power Six \$1950

This is sensational value. The car is fully equipped with Delco system of electric self-cracking, lighting and ignition device, demountable rims, speedometer, clock, top, windshield and all other details that make the car complete.

### See This \$1950 HUDSON Six Today

Within one year we have become the world's largest builders of Sixes.

This enormous output has taken us out of the costly development period.

You can get a HUDSON Six at four-cylinder prices. It's the first time that a high powered Six—a big, roomy, five-passenger Six, with every detail the finest, could be bought under \$2450.

You who have wanted a Six, but were unwilling to pay more than \$2000 for your car, can now realize your wish.

### Built by Howard E. Coffin

This car is the product of an engineering corps, the largest in the whole motor car industry.

At its head is Howard E. Coffin, long regarded as the foremost engineer in America.

Working with him are 47 experts. Each has been chosen because he excelled in some important particular.

Most of them devote their whole time to the HUDSON. Others are free lance experts brought in to perfect some part.

Each has brought to the HUDSON the very best he knows. The result is that HUDSON cars in every detail reveal the utmost in car building.

Remember that last year's HUDSON Six was the most successful Six ever built.

### SCHOONER CASCO DOOMED TO SINK

Familiar Craft in Local Waters Cannot Be Saved From Destruction

Although hope was held for the saving of the steamer Casco, which recently went ashore off the northern coast, this hope was dispelled today when captains of vessels arriving here declared that the Casco was doomed to go to the bottom. It is not expected that anything of value can be salvaged from the wreck. The Casco was a familiar craft in local waters, making regular monthly trips to the north and returning with lumber for local consumption.

Captain J. T. Ough will command the ferry steamer Bridget, which was engaged at the local yards of the Union Gas Engine works. The craft made its initial trip today. The operating engine is the largest gas engine in the world and weighs 125,000 pounds and has a length of 40 feet.

The schooner William Nottingham worked out from the Santa Fe wharves, where it was discharging coal and was shifted to the Pacific bunkers to complete its discharge.

The Point Arena, Katherine and Cricket have departed from the inner harbor.

The Lakme is at the Sunset yards discharging a 400,000-foot lumber cargo.

### BABY'S AWFUL ECZEMA CURED

Face Just a Sore, Scratched Till It Bled, Resinol Stopped Itching Almost Instantly. Soon Well.

May 20, 1913—"My baby's face broke out with eczema. We tried many prescriptions, ointments and lotions, but the baby's face kept getting worse all the time. He would scratch it until it would bleed, and finally his face on both sides was just an awful sore. It bothered him so much that he could not sleep much at night.

I sent for samples of Resinol Soap and Resinol Ointment, and used them according to directions. The result was something wonderful. The itching stopped almost instantly, and from the first application we could see a marked improvement. I then bought a fifty-cent jar of Resinol Ointment and a cake of Resinol Soap, and by the time the jar of Ointment was used, the baby's face was almost entirely cured. So I bought another jar and used only part of it, and the cure was complete. My doctor recommends Resinol very highly, and I cannot say too much for Resinol Soap and Resinol Ointment."

(Signed) S. L. Carter, Salem, Va.

Physicians have prescribed Resinol for eight years and every druggist in the country sells Resinol Soap and Resinol Ointment. For samples write to Dent, 2-R Resinol, Baltimore, Md.

### CAT LIKE KANGAROO HAS BUT TWO LEGS

HERE'S KITTY

RICHMOND, July 2.—A freak of nature, in the form of a two-legged kitten is in the possession of W. F. Logan, a prominent business man of this city, which he believes will be of unusual value as a curiosity. Logan recently bought the animal while in Liverpool where he happened to hear of its existence and investigated to find that it was a genuine freak of nature. Before purchasing it, Logan had it examined by several veterinarians and physicians to see that there was no fake about it.

The kitten is six weeks old, and is fully developed in every way save that its two front legs are missing, or rather, were never a part of its anatomy. The blades are developed but where the front paws extremities ought to be there are no signs of any. The animal has little difficulty in getting around, walking on its hind legs with a peculiar jump, a good deal after the manner of the kangaroo.

### TO CARRY CAMPAIGN INTO SOUTHERN CALIFORNIA

A. J. Rich & Co. decided yesterday to carry their Solano Irrigated Farms campaign into Southern California at once. A branch sales office will be opened in Los Angeles about July 15 and the same able advertising features that have been so successful here will be used. The same sort of a campaign was begun in Sacramento this week.

The decision to broaden their selling operations followed the remarkable success of the first week's sales in the bay cities which totaled nearly a half million dollars and the rapidly with which the first 10,000 acre unit is passing into the hands of buyers.

The company to prepare the second unit of like area for sale immediately. As soon as the surveys and maps can be made the additional land will be offered with what may remain of the first. This second unit will probably be along the line of the present electric railroad development.

### NEW ANGLE IN DIVORCE CASE

Mrs. Eastland Named in Drummond Affair; Wife Files Papers.

LOS ANGELES, July 2.—A new turn, which promises further interesting developments, was taken in the Drummond divorce case yesterday when it was learned that Mrs. Joseph Eastland, whose husband was named in the papers filed in court by Mrs. Drummond.

It is reported in San Francisco that Joseph Eastland will fight the divorce suit of his wife and that he will name John N. Drummond Jr., who is living near San Diego, Drummond is the son of John N. Drummond, the tobacco king.

In her complaint for divorce which Mrs. Drummond, who is at present a resident of Los Angeles, filed here a few months ago, the three grounds of cruelty, desertion and infidelity are set out.

Drummond was married July 13, 1928, to Miss Evelyn May, daughter of William Andrew, a prominent financier of Chicago. The statements made by the bride's father at the time of the marriage caused the two to be referred to as the "perfect couple."

### SUPREME COURT WILL NOT GRANT INCREASE

NEW YORK, July 2.—The supreme court refused yesterday to increase the allowance of \$17,000 a year granted to John Armstrong Chalmers of Virginia, legally insane in this state, but sane under the laws of Virginia, where as "Chalmers" he fled after his escape from Bismarck four years ago. His estate here is valued at more than a million and a half dollars, and he sought to have his yearly allowance raised to \$33,000.

**GRANTS SISTER DIES.**  
NEW YORK, July 2.—Miss Virginia Grant Corbin, last surviving sister of General U. S. Grant, died Sunday night at her home in East Orange, N. J., aged 81 years. Her husband, Abel R. Corbin, a legislator and editor of Covington, Ky., died in 1880.

### FIELD ARTILLERY OFFICERS DEPART

Will Attend Encampment at Fort Leavenworth for Valuable Schooling

The officers of the first battalion, field artillery, National Guard of California, left today for Fort Leavenworth, Kan., where they will attend the encampment of the militia officers there from the 6th to the 12th of July.

The officers expect valuable schooling in the various duties connected with the artillery branch of the service, in which target practice, calculations of the enemy's positions and reconnaissance will form a prominent part in the daily program.

The officers that left on today's special are: Major Ralph P. Kaneuf, Oakland; Captain Frederick W. H. Petersen, First Lieutenant John S. Idley, quartermaster and commissary, Oakland.

Battery A—Captain Reuben A. Ford, First Lieutenant Jesse McComas, First Lieutenant Samuel C. Haver Jr., Second Lieutenant Harry L. Powell Jr., Second Lieutenant Plummer H. Montgomery.

Battery B—Captain Harry F. Huber, First Lieutenant Charles J. Hogan, First Lieutenant Edward E. Vincy, Second Lieutenant John W. White, Second Lieutenant Howard W. Encher.

Battery C—Captain Harry N. Howe, First Lieutenant Neil I. Ross, First Lieutenant Otto E. Sandman, Second Lieutenant Charles H. Young, Second Lieutenant Asa M. Clark.

### TARIFF DREAD CAUSES LARGEST GEM IMPORT

NEW YORK, July 2.—"Gem import record broken" is an announcement made monthly since the first of the year at the United States Appraiser's office. The total for June reads \$5,192,917, nearly \$2,000,000 of which sum is represented by uncut gems, mostly diamonds.

It is predicted in the jewelry trade that the total value of the gem imports for the fiscal year will exceed \$50,000,000. The large figures are due to the fear of importers of an advance in duty under the new tariff.

addressed to Chas. H. Fletcher.**

Mansur Drug Co., of St. Paul, Minn., says: "We are not in the habit of recommending proprietary medicines, but we never hesitate to say a good word for Castoria. It is a medical success."

Hegeman & Co., of New York City, N. Y. say: "We can say for your Castoria that it is one of the best selling preparations in our stores. That is one of our reasons for selling it."

Myers-Dillon Drug Co., of Omaha, Nebr., says: "Your Castoria is one of the best sellers we have. We cheerfully recommend it to our trade voluntarily at all times, and will testify to its merits at any and all times."

Weber Drug Co., of Indianapolis, Ind., says: "Fletcher's Castoria is an article for which there is no substitute. It is undoubtedly one of the most popular articles on the market to-day and our customers for it are numbered by the hundreds."

Parrish & Bailey Pharmacy, of Los Angeles, Cal., says: "During an experience of over 30 years in the retail drug business we have never found a proprietary remedy that has had such a large sale or given such universal satisfaction as your Castoria."

Theo. Metcalf Co., of Boston, Mass., says: "We have handled Fletcher's Castoria for years and consider it one of the best preparations made. Our sales are continually increasing and everyone of our customers have nothing but praise for Fletcher's Castoria."

W. E. Chapman, of Montreal, Que., says: "I have sold Fletcher's Castoria for many years and have yet to hear of one word other than praise of its virtues. I look upon your preparation as one of the few so called patent medicines having merit and unhesitatingly recommend it as a safe household remedy."

TRIBUNE DAY CROWD AT IDORA RECORD-BREAKING

THRONGS TIRED TODAY, BUT HAPPY

90,000 People, Young and Old, Are Jolly Guests of Newspaper

Throngs From Bay Region Fill Joy Park Both Day and Evening

Breaking all records in the history of the park, TRIBUNE DAY yesterday brought 90,000 visitors to Idora.

The great park was a dense mass of people, both afternoon and evening. The free passes given to the friends of THE TRIBUNE brought all out, men, women and children alike, and from early yesterday morning to midnight the crowds poured in. Sixty thousand were entertained during the day and 30,000 at night. So dense were the crowds at the gates to the park that special policemen were needed.

Telegraph avenue last night was lined for three blocks with people waiting to enter the park on THE TRIBUNE free tickets. The greatest estimates of the park officials and THE TRIBUNE were shattered by the enormous crowds that packed the park from gate to gate.

Despite the enormous crush good nature reigned. The evening resembled a huge carnival at its height. Singing, shouting, the men, women and children attending the big affair as the guests of THE TRIBUNE wandered about under the trees, with their myriads of twinkling lights, and enjoyed the concessions. Each concession was the center of a heavy crowd before the evening had fairly started.

WHEN THE LIGHTS GLOWED. The evening marked the climax of the big affair. From six o'clock on the gates were jammed. By 8:30 the crowds were standing in line, and the line soon grew until finally it extended practically over three blocks. As quickly as possible the ticket-takers admitted the people, at the same time presenting them with the free concession passes. The crowds then dispersed from the gates to the different portions of the park.

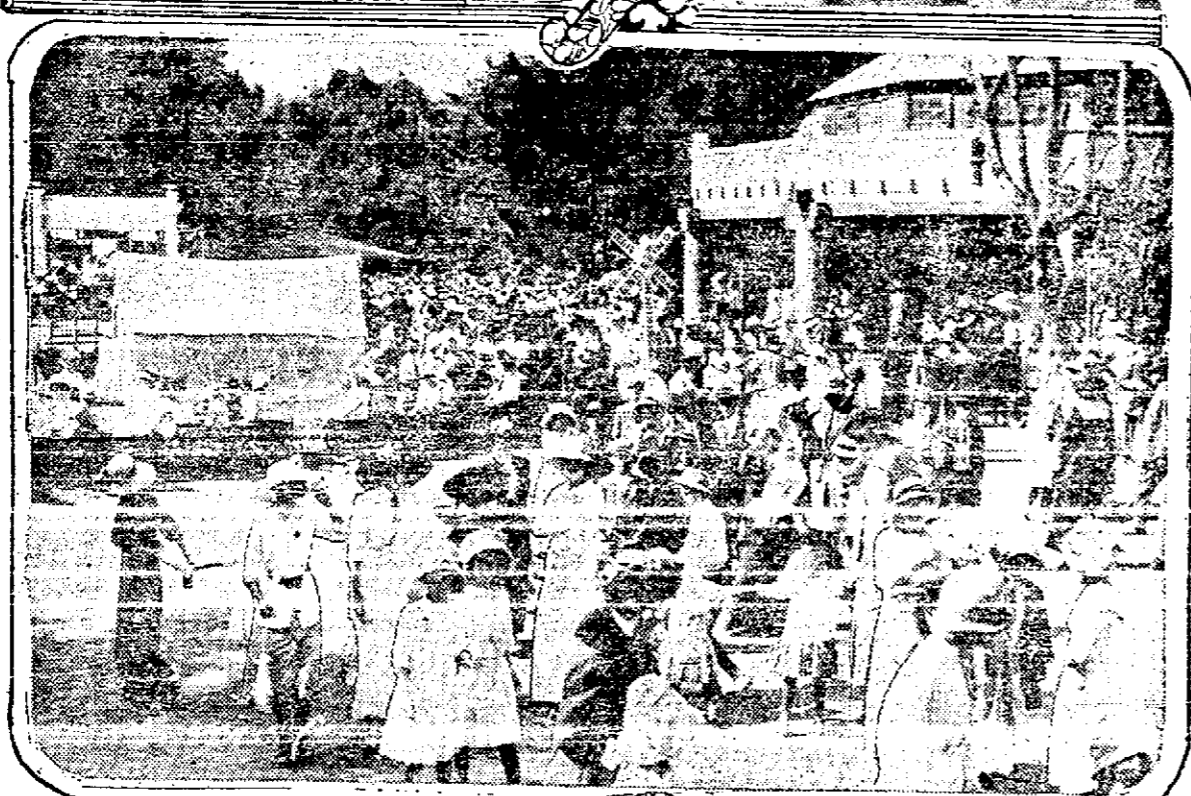

The scenic railway was one of the most popular of the free concessions of TRIBUNE DAY. All day long and steadily until midnight every train was kept steadily going. The people were loaded and unloaded as fast as possible, and it seemed almost at one time that the crowds could not be handled. Thanks, however, to the efficient management of the park officials, all were finally taken care of. The toboggan was another feature which attracted the little ones, especially, in hordes. The children came mostly in the afternoon.

NO ACCIDENTS MAR DAY. Despite the huge crowds, the day was free from accident or mishap. All went off with clocklike precision, from the operation of the concessions to the distribution of tickets. Every guest got a concession ticket and every guest had full opportunity to make use of it. All sorts of gowns were seen, in fact, all sorts and conditions of gowns. Mothers from the ranks of the four hundred, attired in the latest fashions from France, brought their little ones to Idora on THE TRIBUNE tickets, side by side with the workman's wife and children. Silk and gingham rubbed shoulders. It was a democratic crowd—a TRIBUNE-for-all crowd.

The democracy of the crowd was one of the notable features of the big affair. All the guests of the one great paper, it seemed to create in the hordes a spirit of fellowship, a carnival spirit that promoted good nature and enjoyment, and robbed the day of what little inconvenience might otherwise have resulted from the closely packed crowds of the big park.

DRUM CORPS WAS THERE. Cheers greeted THE TRIBUNE drum corps, which in the evening paraded the park. The boys, in their dapper, semi-military uniforms and with perfect marching, and drumming, made a striking spectacle. They circled around the park in marching formation, drumming their hardest, and stopping at each concession. Later, setting aside the drums, they mingled with the crowds and enjoyed themselves. Considerable praise was given their banding. The free performance of "Girolla"

HERE IS PART OF THE TREMENDOUS CROWD THAT FILLED IDORA PARK YESTERDAY WHEN THE TRIBUNE WAS HOST TO MEN, WOMEN AND CHILDREN OF FOUR COUNTIES. IT WAS A RED LETTER DAY FOR THE KIDDIES AND THEIR UNITED LAUGH WAS HEARD AROUND THE BAY REGION. NINETY THOUSAND PERSONS ATTAINED THEMSELVES OF THE TRIBUNE'S ADMISSION TICKETS, AND EVERY CONCESSION IN THE PARK WAS CROWDED THROUGHOUT THE DAY AND NIGHT.

Girolla was another feature enjoyed by the crowds. The canopied amphitheater was filled to overflowing. The company sang as it never sang before, inspired by the huge audience, cheering to the echo. During the intermission the theater-goers added to the ranks of the revelers outside. Lights shone, laughter and jollity reigned supreme, and history was made for the big park. Oakland spirit had come into its own. The gathering resembled the crowds at some big madrigal in the populous centers of the old world.

FROM SEVERAL CITIES. "Heavens!" said one woman present. "I never knew before how many people were in Oakland." She was mistaken. They were not all from Oakland. From Oakland, Berkeley, Alameda, San Francisco, and from the cities of Contra Costa and Solano counties they came for the big TRIBUNE DAY entertainment. Ninety thousand in one park! Enough people to fill three cities the size of Alameda! Nearly enough to fill two cities the size of Berkeley! That was the crowd gathered yesterday and last night in a few acres. The big park contains about forty acres, and every acre, according to these figures, contained more than two thousand people. It is almost impossible to convey an impression of the magnitude of the throngs.

SIGHT INSPIRING. The sight was inspiring. It gave a better idea of the greatness of the bay region, which can muster such a mass of humanity. Gathered together, as yesterday, in one park, which became a seething, laughing, joyful mass of humanity one sees the bone and sinews of the bay district before him. The people who make the bay cities what they are the people who do the work, earn the wages, and spend the money that makes the commercial success of the cities near the Golden Gate, were shown in a mass by TRIBUNE DAY. Aside from the joy of the occasion, the joy and the gladness, the gathering preached a powerful sermon: a sermon the most eloquent tongue could not have spoken nor the greatest brain have taught.

The people saw in their neighbors the people and the spirit that makes the bay cities great and that will, in the future spell success for the region destined by nature to become the

TRIBUNE DAY FIGURES TELL OF GREAT CROWD

One hundred thousand free tickets were issued by THE TRIBUNE. Ninety thousand were used. Four hundred and fifty thousand concession coupons were given away by THE TRIBUNE. These concession coupons are about one and one half inches wide. Strung together they would total a strip seven miles long. Seven miles of admission tickets also were given away, according to these figures. Strung together, admission tickets and concession slips would reach from THE TRIBUNE office to San Francisco, and back. The people present during the day would fill three towns the size of Alameda, and nearly two the size of Berkeley.

do the work, earn the wages, and spend the money that makes the commercial success of the cities near the Golden Gate, were shown in a mass by TRIBUNE DAY. Aside from the joy of the occasion, the joy and the gladness, the gathering preached a powerful sermon: a sermon the most eloquent tongue could not have spoken nor the greatest brain have taught.

PROGRESSIVE'S PLATFORM IS WINDICATED

Roosevelt Points to West Virginia Trouble to Emphasize Claim

Says Future Upholders of Industrial Justice Will Recognize Document

NEWPORT, July 2.—The demand in the first national platform of the Progressive party for regulation of corporations and combinations to "insure their doing justice to their rivals, to their customers and to their employees," has been emphasized, Theodore Roosevelt declared this afternoon at the slambang which opened the national conference of the Progressive party, by what has occurred since in the West Virginia bituminous coal fields. In opening his speech Colonel Roosevelt pointed to the Progressive platform upon which he ran for the Presidency last fall as a document which upholders of social and industrial justice in the future will recognize as one of the great documents of American political history. From it he cited two demands—the first that the national government undertake on a gigantic scale the work of harnessing the flood waters of the Ohio and Mississippi rivers, and the second that it should take the steps necessary to the construction of the Panama Canal. The second demand, already referred to, Colonel Roosevelt dwelt upon at considerable length.

AGAINST ANARCHY. He quoted from court decisions and declared that he wished he could make the men of property understand that the rights of such persons and such conditions as in West Virginia, he was fighting against anarchy in favor of law and order and for property.

The utter futility of the plan of action in the West Virginia strike, as stated in both the Republican and Democratic platforms last year and christened by President Wilson with magnificent vagueness "the new freedom," has been strikingly shown by what has thus occurred in West Virginia, Colonel Roosevelt declared. "The new freedom" is nothing whatever but the right of the strong to prey on the weak, of the big men to crush the little men and to shield their iniquity beneath the cry that they are exercising freedom.

SOUNDS KEYNOTE. Colonel Roosevelt's speech this afternoon sounded the keynote of the Progressive policies and opened the discussion of party ideals and ideas that will continue two days, referring again to President Wilson's article on "the new freedom," Colonel Roosevelt said:

"A careful study of the articles that have appeared by President Wilson dealing with this subject since he was president has left me exceedingly puzzled as to what he really does mean, but, of course, I assume that there must be meaning, and if this assumption is warranted then 'the new freedom' means nothing whatever but the old license translated into terms of pleasant rhetoric."

WHAT TRIBUNE PUBLICITY DOES. The crowds are a striking proof of the huge circulation of THE TRIBUNE. TRIBUNE DAY was advertised nowhere but in THE TRIBUNE. As a result of publicity in this newspaper one hundred thousand people applied and received free tickets for the park. Ninety thousand went. TRIBUNE DAY was something the people wanted. Publicity told them that what they wanted could be procured. The result of this was, on TRIBUNE DAY, a crowd that packed the great park to its very doors, enjoyed itself thoroughly, and made history. That is publicity. That is success.

The crowds went home late last night. Street cars were crowded with tired, but happy people, and THE TRIBUNE DAY was a thing of the past. They enjoyed themselves. That was THE TRIBUNE's main object. They, by their presence, preached the bay region a sermon. That is no concern of THE TRIBUNE, but it is well all the same, that they did. They are better friends of THE TRIBUNE. Wherefore THE TRIBUNE office forces sit back and rest justly, they believe, proud of the success of the big day of joy.

CANAL AND PUBLIC DEBT TRANSACTIONS CAUSE DEFICIT

U. S. SURPLUS IN 1912 TO WITTED OUT

Government Classes Bonds for Fiscal Year: Corporation Taxes Heavier

WASHINGTON, July 2.—Uncle Sam closed the fiscal year 1913 with a surplus of \$49,053,223, representing the excess of receipts over expenditures, exclusive of Panama canal and public debt transactions made. This exceeds last year's surplus by \$3,750,000. The Panama canal expenditures and public debt transactions, however, wiped out the surplus of ordinary receipts over ordinary expenditures and created a deficit for the year of \$2,149,000.

Total receipts for the fiscal year amounted to \$723,782,921, while the ordinary disbursements were \$683,699,692. Corporation taxes brought revenue \$214,458,570. Ordinary disbursements—\$683,699,692. Customs receipts—\$318,142,000. Internal revenues—\$209,478,000. Pension expenditures—\$173,134,000. General fund in treasury—\$164,704,000.

HAIRTS HELP TREASURY. The record drinking and smoking of the American people during the last twelve months brought the federal government the enormous total of \$390,418,400 in internal revenue receipts, which was \$10,000,000 greater than in 1912, and one of the highest amounts on record.

Under the first year's operation of the new pension law the government paid veterans and widows \$175,134,704.000 in the general fund of the treasury as compared with \$167,152,000 a year ago.

WORKING BALANCE. The cash drawer of the treasury contains \$65,253,000 as the working balance of the government. The trust funds of the treasury include \$1,938,727,000 in gold coin and bullion. The government spent \$41,741,000 on construction of the Panama canal during the last year, making a total of \$318,228,000 spent on the canal to date of which \$179,523,000 has been paid out of the general fund of the treasury and the balance from the proceeds of bond sales.

The mints coined during the year \$37,147,000, of which \$30,053,000 was in gold.

The 7492 national banks now in existence have a total outstanding circulation of national banknotes of \$737,065,050.

TO ISSUE STATEMENTS. Treasury Secretary McAdoo announced that the daily treasury statement in future would be issued in a completely changed form, designed to show at a glance the assets and liabilities of the government. It will be in the nature of a budget statement for the purpose of indicating from day to day whether the government revenues are progressing on a surplus or deficit basis. The first issue of the new statement will appear today and will show, the Secretary said, that the grand total of assets of the government is nearly \$2,000,000,000, against which there are liabilities including the gold and silver certificates aggregating about \$1,750,000, leaving a balance in the treasury from \$250,000,000 to \$275,000,000, including the gold reserve of \$150,000,000.

Dimond Mansion Is Destroyed by Fire

FRUITVALE, July 2.—A fire this morning shortly after 3 o'clock almost totally destroyed the historic mansion of the pioneer Dimond family at the end of Fruitvale avenue. The house was occupied by H. H. McPike and family, who recently leased the place from Hugh Dimond, the owner.

A defective fuse is supposed to be the cause of the blaze which started in the kitchen and quickly running along the woodwork, caught the dry timbers. A cook employed by the McPike family first noticed the flames, and calling the family, gave the alarm. The loss to the house is estimated at \$75,000, partially covered by insurance. The contents of the house were unprotected, and will be a total loss.

Nominations Made By President Wilson

TRIBUNE BULLETINS JULY 4. In keeping with its policy of being first into the field with the news, THE TRIBUNE has arranged to thoroughly cover all the special holiday events next Friday, July 4. Both ball games in the morning and in the afternoon will be described for play on THE TRIBUNE bulletin board in front of THE TRIBUNE building, Eighth street, near Broadway. In addition, instantaneous and complete returns of the Rivers-Ritchie fight will be dictated from the riagside and bulletined, blow by blow, in front of THE TRIBUNE's main office, commencing at 1:30 p. m. Thus, without cost, those who are unable to attend either the fight or the ball games, may follow both almost as well as those who are actually present. They will know the result just as quickly. Make THE TRIBUNE bulletin board your headquarters for the day.

## MRS. E. S. POULSEN IS DEAD

### WAS PIONEER EDUCATOR

## SNELL SEMINARY

### LOSES PRINCIPAL

Stricken While Preparing to Visit Relatives; no Plans Announced

BERKELEY, July 2. — Mrs. E. S. Poulsen, death from heart disease last evening of Mrs. Edna Snell Poulsen removed from the western educational world the last of one of its best known quarter-century educators. Mrs. Poulsen was principal of the Snell Seminary for Young Ladies in this city, the only survivor of three sisters and a brother who organized the institution in 1870 at Berkeley, removed to Oakland in 1877 and 20 years later to Berkeley.

Mrs. Poulsen's death occurred at 5:30 p.m. after a long illness. She had been preparing to visit relatives in Oregon when she was stricken. Members of the family who were present at her death were her husband, Henry Snell, and her nephew, Henry Snell. Attention was given to her death by the family of the seminary, though she was in her 70th year.

She became principal of a school established in 1870 by Miss Mary Atkins. Mrs. Poulsen, another sister and a brother, were interested from the first in the work. Two years later the Snells accepted a location in Oakland from the trustees of the First Congregational church and removed the school to that city. It was here that Mrs. Poulsen's husband died several years ago.

She is survived on this coast only by a nephew, Henry Snell, to whom she was most devoted. As will be held Thursday but definite arrangements have yet to be made. No plans have yet been made for the funeral.

## DIAMOND RING AND AFFINITY LEAD TO PRISON

Young Wife May Not Be Prosecuted for Alleged Theft

ALAMEDA, July 2. — The sun is shining brightly today for four of the principals in the Mercer-Woodruff-Whetlock diamond ring case. The four are Mrs. Y. M. Mercer, owner of the ring; Mrs. Mary Woodruff, accused of theft of the ring; A. L. Woodruff, husband of the accused prisoner; and Mrs. M. Russell, mother of the young wife.

Mrs. Mercer feels well satisfied because she is to get back the ring. Detective William Wainwright found the diamond ring in a case back of the piano in a Mrs. Mercer's apartment in the Mercer-Woodruff-Whetlock case.

So far Mrs. Woodruff has not indicated herself and two other women may find it difficult to present a convincing case against her. Woodruff is feeling much better than he did yesterday because he is ready to leave with his young and attractive wife and is only too anxious to get away from the city.

Mrs. Russell, the sweet-faced, red-haired woman, for whom, apparently, the prisoner's home at last, yesterday, feels happy and heartened today because she hopes that Mrs. Woodruff will be able to get her out of the city.

Whetlock, the alleged affiant, and return to her husband.

FIFTH PRINCIPAL IN CASE. The only one of the five principals who thinks the day is dark and stormy is Whetlock. He is still held in detour by the police and is being energetically urged to leave.

Whetlock left Santa Monica to go with Mrs. Woodruff. Whetlock and Mrs. Woodruff registered at a hotel in Oakland as man and wife. He poses as her husband. The white slave law, or into operation, may be put into sufficient ground for proceeding.

Mrs. Woodruff was arrested yesterday before Judge Elmer E. Johnson yesterday afternoon and her examination was set for next Tuesday. She is held in default of \$1000 bail. Last night she was taken to the city jail.

Whetlock was formerly in the moving picture business in Santa Monica and other Southern California towns. He claims to have lost \$30,000 in the recent oil boom and to have been forced to leave the city.
